

# The New York State Report Card

Accountability and Overview Report 2008-09

# New York State Public Schools Report Card

The New York State Report Card is an important part of the Board of Regents' effort to raise learning standards for all students. It provides information to the public on the state's performance under the State and federal accountability systems, on student performance, and on other measures of performance. Knowledge gained from the report card on the state's strengths and weaknesses can be used to improve instruction and services to students.

State assessments are designed to help ensure that all students reach high learning standards. They show whether students are getting the knowledge and skills they need to succeed at the elementary, middle, and commencement levels and beyond. The State requires that students who are not making appropriate progress toward the standards receive academic intervention services.

### Use this report to:

Get Statewide Profile information.

This section shows comprehensive data relevant to the state's learning environment.

2 Review State Accountability Status.

This section indicates whether the state made adequate yearly progress (AYP).

Review an Overview of Statewide Performance.

This section has information about statewide performance on state assessments in English, mathematics, and science.

## **Statewide Profile**

### **Statewide Profile**

This section shows comprehensive data relevant to the state's learning environment, including information about enrollment, average class size, and teacher qualifications.

### **Enrollment**

	2006-07	2007-08	2008-09
Pre-K	40,063	45,263	70,625
Kindergarten	186,243	184,717	187,515
Grade 1	200,272	196,578	194,701
Grade 2	194,200	196,137	193,207
Grade 3	194,108	191,179	193,083
Grade 4	192,235	191,681	190,082
Grade 5	196,999	192,043	191,410
Grade 6	199,845	195,577	191,970
Ungraded Elementary	53,693	54,000	56,753
Grade 7	208,283	203,307	197,104
Grade 8	210,369	205,171	202,078
Grade 9	249,208	242,279	235,687
Grade 10	232,027	229,686	223,981
Grade 11	194,489	194,243	194,259
Grade 12	178,472	185,810	185,848
Ungraded Secondary	50,815	51,977	53,589
Total K-12	2,741,258	2,714,385	2,691,267

# **Enrollment Information**

Enrollment counts are as of Basic Educational Data System (BEDS) day, which is typically the first Wednesday of October of the school year. The state public enrollment includes public school districts, charter schools, NYSED-operated programs, and BOCES programs. Students classified by districts as "pre-first" are included in first grade counts.

### **Average Class Size**

	2006-07	2007-08	2008-09
Common Branch	22	21	22
Grade 8			
English	22	22	22
Mathematics	22	22	22
Science	23	22	23
Social Studies	23	22	23
Grade 10			
English	23	22	23
Mathematics	22	21	22
Science	23	22	22
Social Studies	24	22	23

# **Average Class Size Information**

Average Class Size is the total registration in specified classes divided by the number of those classes with registration. Common Branch refers to self-contained classes in Grades 1–6.

### **Demographic Factors**

	2006-07		2007	-o8	2008	-09
	#	%	#	%	#	%
Eligible for Free Lunch	1,001,767	37%	986,578	37%	1,030,575	39%
Reduced-Price Lunch	213,885	8%	211,396	8%	214,831	8%
Student Stability*	N/A	N/A	N/A	N/A	N/A	N/A
Limited English Proficient	199,828	7%	198,550	7%	202,220	8%
Racial/Ethnic Origin						
American Indian or Alaska Native	13,511	**	13,147	**	13,027	**
Black or African American	534,335	19%	526,867	19%	517,997	19%
Hispanic or Latino	559,543	20%	565,479	21%	571,699	21%
Asian or Native Hawaiian/Other Pacific Islander	195,644	7%	199,959	7%	205,486	8%
White	1,431,470	52%	1,403,836	52%	1,374,718	51%
Multiracial	6,755	**	5,097	**	8,340	**

<sup>\*</sup> Available only at the school level.

### **Attendance and Suspensions**

	2005-06		2006-07		2007-08	
	#	%	#	%	#	%
Annual Attendance Rate	N/A	95%	N/A	93%	N/A	93%
Student Suspensions	152,841	6%	142,676	5%	143,124	5%

# Demographic Factors Information

Eligible for Free Lunch and Reduced-Price
Lunch percentages are determined by dividing
the number of approved lunch applicants
by the Basic Educational Data System (BEDS)
enrollment in full-day Kindergarten through
Grade 12. Eligible for Free Lunch and Limited
English Proficient counts are used to determine
Similar Schools groupings within a Need/Resource
Capacity category.

# Attendance and Suspensions Information

A district's Annual Attendance Rate is determined by dividing the district's total actual attendance by the total possible attendance for a school year. A district's actual attendance is the sum of the number of students in attendance on each day the district's schools were open during the school year. Possible attendance is the sum of the number of enrolled students who should have been in attendance on each day schools were open during the school year. The state's Annual Attendance Rate is a weighted average of all district-level attendance rates. Student Suspension rate is determined by dividing the number of students who were suspended from school (not including in-school suspensions) for one full day or longer anytime during the school year by the Basic Educational Data System (BEDS) day enrollments for that school year. A student is counted only once, regardless of whether the student was suspended one or more times during the school year.

<sup>\*\*</sup> Percentage is less than 1.

### **Teacher Qualifications**

	2006-07	2007-08	2008-09
Total Number of Teachers	207,747	221,514	223,132
Percent with No Valid Teaching Certificate	3%	1%	1%
Percent Teaching Out of Certification	5%	5%	4%
Percent with Fewer Than Three Years of Experience	11%	10%	9%
Percentage with Master's Degree Plus 30 Hours or Doctorate	32%	33%	34%
Total Number of Core Classes	500,476	547,874	542,258
Percent Not Taught by Highly Qualified Teachers	5%	5%	3%
Total Number of Classes	705,619	712,119	717,860
Percent Taught by Teachers Without Appropriate Certification	5%	5%	4%

# **Teacher Qualifications Information**

The Percent Teaching Out of Certification is the percent doing so more than on an incidental basis; that is, the percent teaching for more than five periods per week outside certification.

Core Classes are primarily K-6 common branch, English, mathematics, science, social studies, art, music, and foreign languages. To be Highly Qualified, a teacher must have at least a Bachelor's degree, be certified to teach in the subject area, and show subject matter competency.

### **Teacher Turnover Rate**

	2005-06	2006-07	2007-08
Turnover Rate of Teachers with Fewer than Five Years of Experience	20%	20%	20%
Turnover Rate of All Teachers	14%	13%	13%

### **Staff Counts**

	2006-07	2007-08	2008-09
Total Other Professional Staff	18,618	31,478	32,078
Total Paraprofessionals*	45,024	66,776	67,568
Assistant Principals	2,074	5,502	5,650
Principals	3,171	4,661	4,731

 $<sup>^{\</sup>star}\,$  Not available at the school level.

# **Teacher Turnover Rate Information**

Teacher Turnover Rate for a specified school year is the number of teachers in that school year who were not teaching in the following school year divided by the number of teachers in the specified school year, expressed as a percentage.

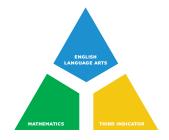

# **Staff Counts Information**

Other Professionals includes administrators, guidance counselors, school nurses, psychologists, and other professionals who devote more than half of their time to non-teaching duties. Teachers who are shared between buildings within a district are reported on the district report only.

# Understanding How Accountability Works in New York State

The federal No Child Left Behind (NCLB) Act requires that states develop and report on measures of student proficiency in 1) English language arts (ELA), in 2) mathematics, and on 3) a third indicator. In New York State in 2008–09, the third indicator is science at the elementary/middle level and graduation rate at the secondary level. Schools or districts that meet predefined goals on these measures are making Adequate Yearly Progress (AYP).

For more information about accountability in New York State, visit: http://www.emsc.nysed.gov/irts/accountability/.

### 1 English Language Arts (ELA)

To make AYP in ELA, every accountability group must make AYP. For a group to make AYP, it must meet the participation and the performance criteria.

#### **A Participation Criterion**

At the elementary/middle level, 95 percent of Grades 3–8 students enrolled during the test administration period in each group with 40 or more students must be tested on the New York State Testing Program (NYSTP) in ELA or, if appropriate, the New York State English as a Second Language Achievement Test (NYSESLAT), or the New York State Alternate Assessment (NYSAA) in ELA. At the secondary level, 95 percent of seniors in 2008–09 in each accountability group with 40 or more students must have taken an English examination that meets the students' graduation requirement.

### **B** Performance Criterion

At the elementary/middle level, the Performance Index (PI) of each group with 30 or more continuously enrolled tested students must equal or exceed its Effective Annual Measurable Objective (AMO) or the group must make Safe Harbor. (NYSESLAT is used only for participation.) At the secondary level, the PI of each group in the 2005 cohort with 30 or more members must equal or exceed its Effective AMO or the group must make Safe Harbor. To make Safe Harbor, the PI of the group must equal or exceed its Safe Harbor Target and the group must qualify for Safe Harbor using the third indicator, science or graduation rate.

#### 2 Mathematics

The same criteria for making AYP in ELA apply to mathematics. At the elementary/middle level, the measures used to determine AYP are the NYSTP and the NYSAA in mathematics. At the secondary level, the measures are mathematics examinations that meet the students' graduation requirement.

### 3 Third Indicator

In addition to English language arts and mathematics, the school must also make AYP in a third area of achievement.

This means meeting the criteria in science at the elementary/middle level and the criteria in graduation rate at the secondary level.

**Elementary/Middle-Level Science:** To make AYP, the All Students group must meet the participation criterion *and* the performance criterion.

### **A Participation Criterion**

Eighty percent of students in Grades 4 and/or 8 enrolled during the test administration period in the All Students group, if it has 40 or more students, must be tested on an accountability measure. In Grade 4, the measures are the Grade 4 elementary-level science test and the Grade 4 NYSAA in science. In Grade 8 science, the measures are the Grade 8 middle-level science test, Regents science examinations, and the Grade 8 NYSAA in science.

### **B** Performance Criterion

The PI of the All Students group, if it has 30 or more students, must equal or exceed the State Science Standard (100) or the Science Progress Target.

Qualifying for Safe Harbor in Elementary/Middle-Level ELA and Math: To qualify, the group must meet both the participation criterion and the performance criterion in science.

**Secondary-Level Graduation Rate:** For a school to make AYP in graduation rate, the percent of students in the 2004 graduation-rate total cohort in the All Students group earning a local or Regents diploma by August 31, 2008 must equal or exceed the Graduation-Rate Standard (55%) or the Graduation-Rate Progress Target.

Qualifying for Safe Harbor in Secondary-Level ELA and Math: To qualify, the percent of the 2004 graduation-rate total cohort earning a local or Regents diploma by August 31, 2008 must equal or exceed the Graduation-Rate Standard (55%) or the Graduation-Rate Progress Target for that group.

### **Useful Terms for Understanding Accountability**

### Accountability Cohort for English

#### and Mathematics

The 2005 school accountability cohort consists of all students who first entered Grade 9 anywhere in the 2005-06 school year, and all ungraded students with disabilities who reached their seventeenth birthday in the 2005-06 school year, who were enrolled on October 1, 2008 and did not transfer to a diploma granting program. Students who earned a high school equivalency diploma or were enrolled in an approved high school equivalency preparation program on June 30, 2009, are not included in the 2005 school accountability cohort. The 2005 district accountability cohort consists of all students in each school accountability cohort plus students who transferred within the district after BEDS day plus students who were placed outside the district by the Committee on Special Education or district administrators and who met the other requirements for cohort membership. Cohort is defined in Section 100.2 (p) (16) of the Commissioner's Regulations.

### **Adequate Yearly Progress (AYP)**

Adequate Yearly Progress (AYP) indicates satisfactory progress by a district or a school toward the goal of proficiency for all students.

### **Annual Measurable Objective (AMO)**

The Annual Measurable Objective (AMO) is the Performance Index (PI) value that signifies that an accountability group is making satisfactory progress toward the goal that 100 percent of students will be proficient in the State's learning standards for English language arts and mathematics by 2013–14. The AMOs for each grade level will be increased as specified in CR100.2(p)(14) and will reach 200 in 2013–14. (See Effective AMO for further information.)

### **Continuously Enrolled Students**

At the elementary/middle level, continuously enrolled students are those enrolled in the school or district on BEDS day (usually the first Wednesday in October) of the school year until the test administration period. At the secondary level, all students who meet the criteria for inclusion in the accountability cohort are considered to be continuously enrolled.

## Effective Annual Measurable Objective (Effective AMO)

The Effective Annual Measurable Objective (Effective AMO) is the Performance Index (PI) value that each accountability group within a school or district is expected to achieve to make Adequate Yearly Progress (AYP). The Effective AMO is the lowest PI that an accountability group of a given size can achieve in a subject for the group's PI not to be considered significantly different from the AMO for that subject. If an accountability group's PI equals or exceeds the Effective AMO, it is considered to have made AYP. A more complete definition of Effective AMO and a table showing the PI values that each group size must equal or exceed to make AYP are available at www.emsc.nysed.gov/irts.

### **Graduation-Rate Total Cohort**

This term is defined on the graduation-rate accountability page.

### Performance Index (PI)

Performance Index is a value from 0 to 200 that is assigned to an accountability group, indicating how that group performed on a required State test (or approved alternative) in English language arts, mathematics, or science. Student scores on the tests are converted to four performance levels, from Level 1 to Level 4. (See performance level definitions on the Overview Summary page.) At the elementary/middle level, the PI is calculated using the following equation:

100 × [(Count of Continuously Enrolled Tested Students Performing at Levels 2, 3, and 4 + the Count at Levels 3 and 4) ÷ Count of All Continuously Enrolled Tested Students]

At the secondary level, the PI is calculated using the following equation:

100  $\times$  [(Count of Cohort Members Performing at Levels 2, 3, and 4 + the Count at Levels 3 and 4)  $\div$  Count of All Cohort Members]

A list of tests used to measure student performance for accountability is available at www.emsc.nysed.gov/irts.

### **Progress Target**

For accountability groups below the State Standard in science or graduation rate, the Progress Target is an alternate method for making Adequate Yearly Progress (AYP) or qualifying for Safe Harbor in English language arts and mathematics based on improvement over the previous year's performance.

#### Safe Harbor

Safe Harbor provides an alternate means to demonstrate Adequate Yearly Progress (AYP) for accountability groups that do not achieve their Effective Annual Measurable Objectives (AMOs) in English or mathematics.

### **Safe Harbor Targets**

The 2008-09 safe harbor targets were calculated using the following equation:

2007-08 PI + (200 - the 2007-08 PI) × 0.10

### **Science Progress Target**

The elementary/middle-level 2008–09 Science Progress Target is calculated by adding one point to the 2007–08 PI. The 2009–10 Science Progress Target is calculated by adding one point to the 2008–09 PI. The 2008–09 target is provided for groups whose PI was below the State Science Standard in 2008–09.

### **Science Standard**

The criterion value that represents a minimally satisfactory performance in science. In 2008–09, the State Science Standard at the elementary/middle level is a Performance Index (PI) of 100. The Commissioner may raise the State Science Standard at his discretion in future years.

### **Summary**

On which accountability measures did the state make Adequate Yearly Progress (AYP) and which groups made AYP on each measure?

#### **AYP Status**

Made AYP

Made AYP Using Safe Harbor Target

Did Not Make AYP

 Insufficient Number of Students to Determine AYP Status

#### NOTES

- These data show the count of students enrolled during the test administration period (used for Participation) followed by the count of continuously enrolled tested students (used for Performance). For accountability calculations, students who were excused from testing for medical reasons are not included in the enrollment count.
- If the state failed to make AYP solely because of the performance of students with disabilities, met the 95% participation requirement for this group, and would meet or exceed the AMO for this subject if 34 points were added to the PI, then the state is considered to have made AYP for students with disabilities.
- <sup>3</sup> If the count of LEP students is equal to or greater than 30, former LEP students are also included in the performance calculations.
- $\ddagger$  This student group did not make AYP in science; therefore, it did not qualify for Safe Harbor.

### **AYP Status**

Made AYP

Made AYP Using Safe Harbor Target

Did Not Make AYP

 Insufficient Number of Students to Determine AYP Status

### NOTES

- These data show the count of students enrolled during the test administration period (used for Participation) followed by the count of continuously enrolled tested students (used for Performance). For accountability calculations, students who were excused from testing for medical reasons are not included in the enrollment count.
- <sup>2</sup> If the count of LEP students is equal to or greater than 30, former LEP students are also included in the performance calculations.

Made AYP

Made AYP Using Safe Harbor Target

Did Not Make AYP

 Insufficient Number of Students to Determine AYP Status

#### **NOTES**

- <sup>1</sup> These data show the count of 12th graders in 2008–09 (used for Participation) followed by the count of students in the 2005 cohort (used for Performance).
- <sup>2</sup> If the state failed to make AYP solely because of the performance of students with disabilities, met the 95% participation requirement for this group, and would meet or exceed the AMO for this subject if 34 points were added to the PI, then the state is considered to have made AYP for students with disabilities.
- 3 If the count of LEP students is equal to or greater than 30, former LEP students are also included in the performance calculations.
- ‡ This student group did not make AYP in graduation rate; therefore, it did not qualify for Safe Harbor.

#### NOTES

- Percentage of the 2004 cohort that earned a local or Regents diploma by August 31, 2008.
- If the count of LEP students is equal to or greater than 30, former LEP students are also included in the performance calculations.

# Graduation Rate Information

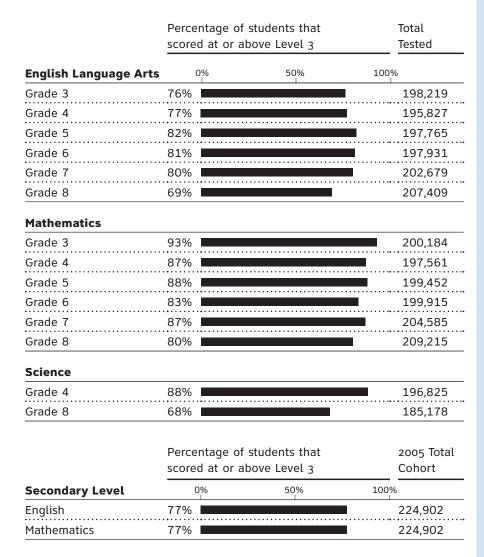

To make AYP in graduation rate, the percentage of 2004 graduation-rate total cohort members earning a local or Regents diploma by August 31, 2008 for the "All Students" group must equal or exceed the Graduation-Rate Standard or the Graduation-Rate Progress Target for 2008–09.

The Graduation Rate Standard is the criterion value that represents a minimally satisfactory percentage of cohort members earning a local diploma. The State Graduation-Rate Standard for the 2004 cohort is 55 percent. The Commissioner may raise the Graduation-Rate Standard at his discretion in future years.

The 2008–09 Graduation-Rate Progress Target is calculated by adding one point to the percentage of the 2003 cohort earning a local or Regents diploma by August 31, 2007. The 2009–10 Graduation-Rate Progress Target is calculated by adding one point to the percentage of the 2004 cohort earning a local or Regents diploma by August 31, 2008. This target is provided for each group whose percentage earning a local or Regents diploma by August 31, 2008 is below the Graduation-Rate Standard in 2008–09 (55%). Groups with fewer than 30 cohort members are not subject to this criterion.

# Summary of 2008-09 Statewide Performance

Performance on the State assessments in English language arts, mathematics, and science at the elementary and middle levels is reported in terms of mean scores and the percentage of tested students scoring at or above Level 2, Level 3, and Level 4. Performance on the State assessments in ELA and mathematics at the secondary level is reported in terms of the percentage of students in a cohort scoring at these levels.

### About the Performance Level Descriptors

#### Level 1: Not Meeting Learning Standards.

Student performance does not demonstrate an understanding of the content expected in the subject and grade level.

#### Level 2: Partially Meeting Learning Standards.

Student performance demonstrates a partial understanding of the content expected in the subject and grade level.

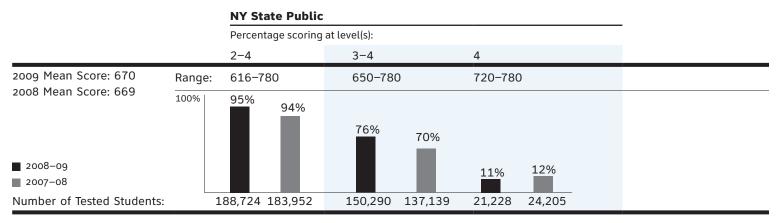

### Level 3: Meeting Learning Standards.

Student performance demonstrates an understanding of the content expected in the subject and grade level.

#### Level 4: Meeting Learning Standards with Distinction.

Student performance demonstrates a thorough understanding of the content expected in the subject and grade level.
